Supporting Amateur
Radio in and around
Fayette County, GA

January 2007 Printing

Supporting amateur radio in our local community

**KI4ASK and KG4PUV
at Field Day**

The Fayette County Amateur Radio Club, Inc. is designed to help support amateur radio in our local community and we need your help in order to be successful!

Fayette County ARC

The umbrella organization that provides support for the repeater network and general amateur radio advocacy in our area is the Fayette County Amateur Radio Club. Many of our members are also involved in other specialty groups.

Fayette County ARES

If you are interested in emergency communications and public service, then you might want to join the Amateur Radio Emergency Service (ARES) group. Fayette County ARES provides backup and auxiliary communications support for our local municipalities. In addition, ARES provides volunteer communications support for a number of public events such as organized bike rides, charity walks, runs, and triathlons.

WX4PTC / Skywarn

Weather enthusiasts might consider becoming part of the WX4PTC / Skywarn team. Using the WX4PTC amateur radio station at the National Weather Service (NWS) office, this group provides net control services for a linked repeater network of trained Skywarn weather spotters. The spotters provide much needed ground reports to the meteorologists at the NWS office.

Local VHF/UHF Repeaters

The Fayette County Amateur Radio Club has teamed up with Fayette County ARES and WX4PTC to provide a network of five outstanding VHF/UHF repeaters in our area. These repeaters effectively serve all of the south Metropolitan Atlanta area and include the following:

**KK4GQ Repeater Tower
located in Fayetteville**

KK4GQ 145.210 (-), 131.8 PL—Primary Club Repeater
KK4GQ 146.685 (-), 131.8 PL—Club / ARES Repeater
W4PSZ 444.600 (+), 77 PL—ARES / SE Linked Net
W4PSZ 442.500 (+), 77 PL—ARES/Skywarn (PTC)
KN4YZ 444.675 (+), 77 PL—Skywarn (Tyrone)

Local Radio Nets

Our main club net is held every Tuesday night on the KK4GQ 145.210 repeater. We are also involved in a number of other local radio nets. (All times local)

Tues @ 9pm—Club 521 Net on the 145.210 repeater

Mon-Fri @ 9pm (winter) - 160m Net on 1.860 Isb

Mon-Fri @ 10am - Cheerios Net on 7.215 Isb

Mon @ 8pm - 10m Net on 28.495 usb

Wed @ 9pm - SE Linked Repeater Net on 444.600

Thu @ 8:30pm - 6m Net on 52.550 FM

**KD4YDC, AG4ZR and KI4DEM working at the
WX4PTC radio station at the NWS office.**

Upcoming Club Events

Our organization is very active during the year with a wide range of events and activities that cover all facets of amateur radio.

Monthly Eatin' Meetin's

We have an informal dinner and meeting on the last Thursday of each month except November and December. Our annual meeting is held during the January Eatin' Meetin'.

Monthly ARES Meetings

ARES meets the second Thursday evening of each month. Each meeting features a speaker and special presentation on a wide variety of radio topics.

Monthly Testing Sessions

The club sponsors monthly ARRL-VEC amateur radio license exams. During even-numbered months tests are held the 1st Thursday evening starting at 6:30 p.m. During odd-numbered months the exams are held the 2nd Saturday morning starting at 9:00 a.m. Tests are given at the Peachtree City Recreation Department near the Amphitheater.

Yearly Field Day

The annual Field Day event is held the third weekend in June. Traditionally, we set-up a complete amateur radio station in the field.
